

Note from the Principal

Dear Parents,
Assalam o Alaikum,

It seems the year was racing toward the end session on fast track ... here we are at the end of a successful term already. Every year we do more and achievements, by the grace of the Almighty, are piled high.

I write the newsletter twice a year to specifically reach all the parents and share gained wisdom for the benefit of all. At the end of this term, I would like to express my concern about the dire need for patience in young and old alike. It is a virtue that is lacking in our society. This lack breeds harshness and intolerance. We judge too quickly, demand unreasonably. Empathy has taken a back seat and selfishness prevails. As parents and teachers, we need to re-instill this virtue first in ourselves and then in our children for we are the role models they look up to day in and day out.

Patience allows us to persevere and make more productive decisions, often leading to greater success. Patient people have a greater sense of gratitude. Let us bring it back in our lives and make our immediate environment a better place to live in. Let us try to be patient like our beloved Prophet Muhammad S.A.W.

Wishing you all a warm, safe and enjoyable summer season. ♦

Visit to Orphanage

As part of their Islamiyat project, students of class XA visited Aisha Islamic Academy Orphanage for Girls for community service. They got to interact with resident girls hailing from different backgrounds. Class XB visited Manzil Educational Organization (MEO) which provides free and quality education to the children residing in the marginalized sections near the school.

The aim was to educate students on social responsibility by engaging them in community-oriented work. We believe that education is not only limited to school environment but it also involves becoming a compassionate member of the society. ♦

Beach Cleaning Drive

We are all aware that humans pollute beaches with materials such as plastic bottles and bags, plastic straws, fishing gear, cigarette filters, masks and many other items that lead to environmental degradation.

Every year hundreds of thousands of volunteers comb beaches and coastlines around the world to clean marine debris.

We are pleased that O Level students from girls' section of EBS volunteered to embark on a beach-cleaning drive at Sea View. The beautiful weather made their clean-up drive even more enjoyable. ♦

Farewell Party

The day of farewell party is special for the teachers and senior students! Together, they celebrate the memories of their school journey and prepare themselves for the longer journeys ahead. O Level girls had their farewell party on Saturday, 26th February whereas boys had their big day on Sunday, 27th February. Sweet farewell speeches amused the audience and mouthwatering food tickled the taste buds! We wish our senior batch all the best and pray for their bright future. ♦
