## Principal's Letter

Assalamu alaikum,

It never ceases to amaze how fast time flies. It flew on fast wings, but I would like to believe that it left lasting imprints of a value-based holistic education.

The efforts and support of the parents as always is much appreciated and the school has had the good fortune of hardly any turn over of teachers this year which has been a blessing for all.

I am a firm believer and share the thought with R.W. Emerson, a great writer, that "Nothing can bring you peace but yourself. Nothing can bring you peace but the triumph of principles," and I would add to it by saying that it brings and builds the strength to travel—to take that journey into higher, more sublime realms of action and achievement, of independence, of self reliance and of the triumph of truth ... this is our mission for our students. May we as teachers, parents and students be successful in our endeavour and leave behind footprints of excellence to follow.

Best wishes for a safe and happy summer!

- Mrs. Shahina Mahmood
